A BILL

FOR AN ACT ENTITLED

"An Act adopting and relating to the Revised Uniform Fiduciary Access to Digital Assets Act."

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

* Section 1. AS 13 is amended by adding a new chapter to read:

Chapter 63. Revised Uniform Fiduciary Access to Digital Assets Act.

Sec. 13.63.010. User direction for disclosure of digital assets. (a) A user may use an online tool to direct the custodian to disclose to a designated recipient, or not to disclose, some or all of the user's digital assets, including the content of electronic communications. If the online tool allows the user to modify or delete a direction at all times, a direction regarding disclosure using an online tool overrides a contrary direction by the user in a will, trust, power of attorney, or other record.

(b) If a user has not used an online tool to give direction under (a) of this section or if the custodian has not provided an online tool, the user may allow or prohibit in a will, trust, power of attorney, or other record, disclosure to a fiduciary of...
some or all of the user's digital assets, including the content of electronic communications sent or received by the user.

(c) A user's direction under (a) or (b) of this section overrides a contrary provision in a terms-of-service agreement that does not require the user to act affirmatively and distinctly from the user's assent to the terms of service.

Sec. 13.63.020. Terms-of-service agreement. (a) This chapter does not change or impair a right of a custodian or a user under a terms-of-service agreement to access and use digital assets of the user.

(b) This chapter does not give a fiduciary or designated recipient any new or expanded rights other than those held by the user for whom, or for whose estate, the fiduciary or designated recipient acts or represents.

(c) A fiduciary's or designated recipient's access to digital assets may be modified or eliminated by a user, by federal law, or by a terms-of-service agreement if the user has not provided direction under AS 13.63.010.

Sec. 13.63.030. Procedures for disclosing digital assets. (a) When disclosing digital assets of a user under this chapter, the custodian may, in its sole discretion,

(1) grant a fiduciary or designated recipient full access to the user's account;

(2) grant a fiduciary or designated recipient partial access to the user's account sufficient to perform the tasks with which the fiduciary or designated recipient is charged; or

(3) provide a fiduciary or designated recipient a copy in a record of any digital asset that, on the date the custodian received the request for disclosure, the user could have accessed if the user were alive and had full capacity and access to the account.

(b) A custodian may assess a reasonable administrative charge for the cost of disclosing digital assets under this chapter.

(c) A custodian is not required to disclose under this chapter a digital asset deleted by a user.

(d) If a user directs or a fiduciary requests a custodian to disclose under this chapter some, but not all, of the user's digital assets, the custodian is not required to
disclose the assets if segregation of the assets would impose an undue burden on the custodian. If the custodian believes the direction or request imposes an undue burden, the custodian or fiduciary may seek an order from the superior court to disclose

(1) a subset limited by date of the user's digital assets;
(2) all of the user's digital assets to the fiduciary or designated recipient;
(3) none of the user's digital assets; or
(4) all of the user's digital assets to the superior court for review in camera.

Sec. 13.63.040. Disclosure of content of electronic communications of deceased user. If a deceased user consented or a superior court directs disclosure of the contents of electronic communications of the user, the custodian shall disclose to the personal representative of the estate of the user the content of an electronic communication sent or received by the user if the personal representative gives the custodian

(1) a written request for disclosure in physical or electronic form;
(2) a certified copy of the death certificate of the user;
(3) a certified copy of the letters testamentary of the personal representative;
(4) unless the user provided direction using an online tool, a copy of the user's will, trust, power of attorney, or other record evidencing the user's consent to disclosure of the content of electronic communications; and
(5) if requested by the custodian,
(A) a number, username, address, or other unique subscriber or account identifier assigned by the custodian to identify the user's account;
(B) evidence linking the account to the user; or
(C) a finding by the superior court that
   (i) the user had a specific account with the custodian, identifiable by the information specified in (A) of this paragraph;
   (ii) disclosure of the content of electronic communications of the user would not violate 18 U.S.C. 2701 - 2712,
47 U.S.C. 222, or other applicable law;

(iii) unless the user provided direction using an online tool, the user consented to disclosure of the content of electronic communications; or

(iv) disclosure of the content of electronic communications of the user is reasonably necessary for administration of the estate.

Sec. 13.63.050. Disclosure of other digital assets of deceased user. Unless the user prohibited disclosure of digital assets or the superior court directs otherwise, a custodian shall disclose to the personal representative of the estate of a deceased user a catalog of electronic communications sent or received by the user and digital assets, other than the content of electronic communications, of the user if the representative gives the custodian

(1) a written request for disclosure in physical or electronic form;

(2) a certified copy of the death certificate of the user;

(3) a certified copy of the letters testamentary of the personal representative; and

(4) if requested by the custodian,

(A) a number, username, address, or other unique subscriber or account identifier assigned by the custodian to identify the user's account;

(B) evidence linking the account to the user;

(C) an affidavit stating that disclosure of the user's digital assets is reasonably necessary for administration of the estate; or

(D) a finding by the superior court that

(i) the user had a specific account with the custodian, identifiable by the information specified in (A) of this paragraph; or

(ii) disclosure of the user's digital assets is reasonably necessary for administration of the estate.

Sec. 13.63.060. Disclosure of content of electronic communications of principal. To the extent a power of attorney expressly grants an agent authority over the content of electronic communications sent or received by the principal and unless
directed otherwise by the principal or the superior court, a custodian shall disclose to
the agent the content if the agent gives the custodian

(1) a written request for disclosure in physical or electronic form;

(2) an original or copy of the power of attorney expressly granting the
agent authority over the content of electronic communications of the principal;

(3) a certification by the agent, under penalty of perjury, that the power
of attorney is in effect; and

(4) if requested by the custodian,

(A) a number, username, address, or other unique subscriber or
account identifier assigned by the custodian to identify the principal's account;

or

(B) evidence linking the account to the principal.

Sec. 13.63.070. Disclosure of other digital assets of principal. Unless
otherwise ordered by the superior court, directed by the principal, or provided by a
power of attorney, a custodian shall disclose to an agent with specific authority over
digital assets or general authority to act on behalf of a principal a catalog of electronic
communications sent or received by the principal and digital assets, other than the
content of electronic communications, of the principal if the agent gives the custodian

(1) a written request for disclosure in physical or electronic form;

(2) an original or a copy of the power of attorney that gives the agent
specific authority over digital assets or general authority to act on behalf of the
principal;

(3) a certification by the agent, under penalty of perjury, that the power
of attorney is in effect; and

(4) if requested by the custodian,

(A) a number, username, address, or other unique subscriber or
account identifier assigned by the custodian to identify the principal's account;

or

(B) evidence linking the account to the principal.

Sec. 13.63.080. Disclosure of digital assets held in trust when trustee is
original user. Unless otherwise ordered by the superior court or provided in a trust, a
custodian shall disclose to a trustee that is an original user of an account any digital asset of the account held in trust, including a catalog of electronic communications of the trustee and the content of electronic communications.

**Sec. 13.63.090. Disclosure of contents of electronic communications held in trust when trustee not original user.** Unless otherwise ordered by the superior court, directed by the user, or provided in a trust, a custodian shall disclose to a trustee that is not an original user of an account the content of an electronic communication sent or received by an original or successor user and carried, maintained, processed, received, or stored by the custodian in the account of the trust if the trustee gives the custodian

1. a written request for disclosure in physical or electronic form;
2. a certified copy of the trust instrument or a certification of the trust under AS 13.36.079 that includes consent to disclosure of the content of electronic communications to the trustee;

(B) evidence linking the account to the trust.

Sec. 13.63.110. Disclosure of digital assets to conservator of protected person. (a) After an opportunity for a hearing under AS 13.26.401 - 13.26.595, the superior court may grant a conservator access to the digital assets of a protected person except that, if the conservator is a guardian with the powers and duties of a conservator under AS 13.26.316(c), the superior court may grant the conservator access to the digital assets of a protected person after an opportunity for a hearing under AS 13.26.201 - 13.26.316.

(b) Unless otherwise ordered by the superior court or directed by the user, a custodian shall disclose to a conservator the catalog of electronic communications sent or received by a protected person and any digital assets, other than the content of electronic communications, in which the protected person has a right or interest if the conservator gives the custodian

Sec. 13.63.120. Fiduciary duty and authority. (a) The legal duties imposed
