(B) Chlorinated swimming pool water	– ⁸	300	– ⁸	– ⁸
(11) Annual fee for brine reject discharge or filter backwash discharge from a water treatment⁷	250	390	230	140

Notes to Table E:

¹ Each fee amount is in dollars.

² The fee is \$0 for facilities that are not in operation and that were authorized before January 17, 2002.

³ If the domestic wastewater system is a waste stabilization pond, a one-time fee of \$100 will be assessed for each authorization, regardless of the size of the discharge, if the waste stabilization pond is

(A) not designed for a routine discharge to surface water; and

(B) permitted under a general permit.

⁴ If the applicant is a business with fewer than 20 employees, the fee will be reduced by a travel cost of \$80; this deduction does not apply to a facility that is not in operation.

⁵ The fee for a facility authorization issued before January 17, 2002 is \$150, if the discharge is to land or groundwater.

⁶ The fee for a facility not in operation is \$80, if the discharge is to land or groundwater.

⁷ If the applicant is a business with fewer than 20 employees, the fee will be reduced by a travel cost of \$40; this deduction does not apply to a facility that is not in operation.

⁸ The permit fee in 18 AAC 72.959 applies.
