By January 10 of each year, the authority shall submit to the governor a report describing the nature and extent of the tax exemption of the property, assets, income, receipts, project, development project, and leasehold interests of the authority under this section. The authority shall notify the legislature that the report is available.

Money in the fund may be used to finance the construction and improvement of an oil or gas processing facility on the North Slope and flow lines and other surface infrastructure for the facility.

(b) Notwithstanding AS 44.88.140, the state or a political subdivision of the state may levy a tax or special assessment on an oil or gas processing facility, flow lines, and other surface infrastructure for the facility financed by the oil and gas infrastructure fund.
