HB 114

Message was received stating the Governor signed the following bill on June 2 and transmitted the engrossed and enrolled copies to the Lieutenant Governor's Office for permanent filing:

SENATE CS FOR CS FOR HOUSE BILL NO. 114(TRA) "An Act relating to availability of state transportation facilities and state-owned or state-operated transportation modes for delivering compassionate aid."

Chapter 40, SLA 2010
Effective Date: 8/31/10

HB 300

Message dated June 3 was received, stating:

Dear President Stevens:

On this date I signed, with line item vetoes, the following bill passed by the second regular session of the Twenty-Sixth Alaska State Legislature and am transmitting the engrossed and enrolled copies to the Lieutenant Governor's Office for permanent filing:

CONFERENCE CS FOR HOUSE BILL NO. 300
"An Act making appropriations for the operating and loan program expenses of state government, for certain programs, and to capitalize funds; and providing for an effective date."

Chapter 41, SLA 2010
Effective Date: See Chapter

The budget I presented to the legislature limited State agency growth to 2.2%, while preserving services important to Alaskans. I appreciate the careful consideration and support from the legislature of this request.

House Bill 300 as passed by the legislature contained appropriations for Fiscal Year 2011 totaling \$8.5 billion, of which \$5.4 billion is general fund. The budget includes special appropriations for tax credits, revenue sharing, and direct deposits to the retirement system costs, and includes funding for public education, the university, public health and safety, transportation, resource development, and funding for State government programs, services, and grants.

The FY2011 operating budget I submitted to you was a responsible, fiscally conservative budget given the current revenue forecast and economic conditions. I appreciate that the legislature shares the administration's concern about the size and growth of the budget and that you made few changes to my request.

Through line-item vetoes, I have reduced the appropriations in HB 300 by \$35.9 million including deleting fiscal notes for legislation that did not pass this session and for bills that did not become law.

I have also vetoed \$2,920.4 million relating to the fiscal note for SB 13 that expands Medicaid eligibility. As SB 13 progressed through the legislature, I was not made aware that expansion of Medicaid eligibility included funding abortions through Denali Kid Care. I am opposed to expanding eligibility for publically funded abortions and will not sign SB 13 into law.

The enclosed spreadsheet contains a summary of the vetoed appropriations including the appropriation cite, fund source, and the reason for the veto.

Sincerely,

/s/

Sean Parnell
Governor

A spreadsheet from the Office of Management and Budget, Office of the Governor accompanied the preceding letter and is on file in the Office of the Senate Secretary.

HB 302

Message was received stating the Governor signed the following bill on June 3 and transmitted the engrossed and enrolled copies to the Lieutenant Governor's Office for permanent filing:

CONFERENCE CS FOR HOUSE BILL NO. 302

"An Act making appropriations for the operating and capital expenses of the state's integrated comprehensive mental health program; and providing for an effective date."

Chapter 42, SLA 2010

Effective Date: 7/1/10

Governor's transmittal letter dated June 3:

Dear President Stevens:

My focus has been to spend less and save more for the future while investing today in jobs and economic growth and strengthening families. The mental health operating and capital budgets presented for legislative consideration this past session were designed to meet these goals and preserve programs and services important to Alaskans. I appreciate the careful consideration and support from the Legislature of these requests.

Sincerely,

/s/

Sean Parnell

Governor

SB 230

Message dated June 3 was received, stating:

Dear President Stevens:

On this date I signed, with line item vetoes, the following bill passed by the second regular session of the Twenty-Sixth Alaska State Legislature and am transmitting the engrossed and enrolled copies to the Lieutenant Governor's Office for permanent filing:

HOUSE CS FOR CS FOR SENATE BILL NO.
230(FIN) am H "An Act making and amending appropriations, including capital appropriations, supplemental appropriations, and other appropriations; making appropriations to capitalize funds; and providing for an effective date."

Chapter 43, SLA 2010
Effective Date: See Chapter

We will grow Alaska by investing in infrastructure while spending less and saving more for the future. In developing the budget, I set a spending limit and allocated funds to constitutionally established priorities; including resource development, education, public safety, and infrastructure. The capital budget I presented for legislative consideration provided a healthy level of investment while taking the longer term view of spending.

As passed, the level of spending in the capital budget is too high. Because Alaska is so dependent on volatile oil revenues, it makes sense to look forward ten years and save for the day when we again are likely to have a sizeable deficit. I have made reductions with several key factors in mind – life/health/safety, infrastructure and jobs now, and balance across legislative districts. I appreciate legislators working with me to identify the high priority projects in their districts.

HCS CSSB 230(FIN) am H as passed by the Legislature contained appropriations for Fiscal Years 2010 and 2011, totaling \$3.2 billion, including \$1.6 billion in general funds. Through line-item vetoes, I have reduced the appropriations in the capital budget by \$300 million of which \$293.5 million is general fund. The enclosed spreadsheet contains a summary of the vetoed appropriations including the page and line number, fund source, and the reason for the veto.

The capital budget I signed into law includes \$1.26 billion for transportation, including highways and aviation projects, \$88.5 million for water and sewer projects, \$451.6 million for K-12 education and the University, \$123.3 million for deferred maintenance projects, and \$77.2 million for renewable and other energy projects. Funding for fire stations and emergency services, seniors and elder care facilities, port and harbor development was also approved along with \$35 million for the Port MacKenzie Rail Extension, \$40 million for the Tanana River Bridge, and \$20 million for the Port of Anchorage which are significant economic development projects that will create jobs and economic growth.

These new capital dollars, along with over \$750 million in projects from previous capital budgets that are going out to bid over the next few months, will put Alaskans to work now. The budget focuses on the State's constitutional responsibilities, resource development and management, schools, public safety, and infrastructure essential to Alaska's economic future.

Sincerely,

/s/

Sean Parnell
Governor

Chapter 113, SLA 2010
Effective Date: 6/29/10

SB 117

Message dated June 29 was received, stating:

Dear President Stevens:

Under the authority vested in me by Art. II, Sec. 17, of the Alaska Constitution, I am allowing the following bill to become law without my signature [and am transmitting the engrossed and enrolled copies to the Lieutenant Governor's Office for permanent filing]:

HOUSE CS FOR CS FOR SENATE BILL NO.
117(L&C) "An Act requiring the Department of Revenue to set the minimum price for cigarettes for sale by wholesalers and retailers; and prohibiting a

wholesaler or retailer from selling at wholesale or retail cigarettes at a lower price than the price set by the Department of Revenue."

Chapter 114, SLA 2010
Effective Date: 9/28/10

Committee testimony indicated that state law currently sets minimum prices on cigarettes, but not on any other commodity. This legislation follows that same philosophical construct of government setting prices in the private sector market. I do not believe it is the government's role to set minimum prices on market commodities.

Because this legislation requires me to choose from two options, neither of which reflect my underlying free market principles, I look to which outcome is least burdensome on Alaskans. HCS CSSB 117(L&C) appears to be an improvement over current law in this respect because it removes a layer of administrative burden on private sector businesses and seeks to provide some certainty.

For these reasons, I have allowed this bill to become law without my signature.

Sincerely,
/s/
Sean Parnell
Governor

HB 190

Message was received stating the Governor signed the following bill on July 1 and transmitted the engrossed and enrolled copies to the Lieutenant Governor's Office for permanent filing:

CS FOR HOUSE BILL NO. 190(FIN) "An Act amending the Alaska children's trust and relating to the trust; establishing a children's trust grant account; relating to birth certificates and certificates of marriage; relating to special request Alaska children's trust license plates; and amending the State Procurement Code to exempt the Alaska children's trust and the Alaska Children's Trust Board."

Effective Date: 9/29/10

HB 73

Message was received stating the Governor signed the following bill on July 1 and transmitted the engrossed and enrolled copies to the Lieutenant Governor's Office for permanent filing:

SENATE CS FOR CS FOR HOUSE BILL NO.
73(FIN) "An Act relating to special fire fighter and
emergency medical service provider license plates;
relating to special request fraternal organization
license plates; and providing for an effective date."

Chapter 116, SLA 2010
Effective Date: 7/2/10

SB 10

Message dated July 1 was received, stating:

Dear President Stevens:

On this date I have signed the following bill and am transmitting the engrossed and enrolled copies to the Lieutenant Governor's Office for permanent filing:

CS FOR SENATE BILL NO. 10(HSS)(efd del) "An
Act requiring health care insurers to provide
insurance coverage for medical care received by a
patient during certain approved clinical trials
designed to test and improve prevention, diagnosis,
treatment, or palliation of cancer; directing the
Department of Health and Social Services to provide
Medicaid services to persons who participate in those
clinical trials; and relating to experimental
procedures under a state plan offered by the
Comprehensive Health Insurance Association."

Chapter 117, SLA 2010
Effective Date: 9/29/10

This legislation will help Alaskan patients with costs of routine care incurred while enrolled in an approved clinical trial for cancer treatment. When insurance rules prevent individuals from enrolling in approved clinical trials for cancer it will take longer to get medical answers that are needed now.

Where the benefits of this bill are potentially life-saving; where overwhelming support was demonstrated by constituents, physicians, nonprofits, and the legislature; and where little to no meaningful fiscal impact was demonstrated on the state or to private health care plans, I have signed this bill into law.

Sincerely,

/s/

Sean Parnell

Governor

HB 50

Message dated July 7 was received, stating:

Dear President Stevens:

Under the authority vested in me by Art. II, Sec. 17, of the Alaska Constitution, I am allowing the following bill to become law without my signature [and am transmitting the engrossed and enrolled copies to the Lieutenant Governor's Office for permanent filing]:

CS FOR HOUSE BILL NO. 50(FIN) "An Act relating to limitations on mandatory overtime for registered nurses and licensed practical nurses in health care facilities; and providing for an effective date."

Chapter 118, SLA 2010
Effective Date: See Chapter

This bill sets limitations on mandatory overtime for registered nurses and licensed practical nurses in certain health care facilities. We know the important services that these professionals provide in delivering quality patient care.

Overtime limits such as those addressed in this legislation typically get resolved through the collective bargaining process. I support Alaskans' freedom to contract, whether through collective bargaining or other means. In most circumstances I would not support limitations on that freedom.

Testimony taken during legislative hearings indicated that the safety of Alaskans is at greater risk without the legislation. For example, I understand that a few health care facilities impose mandatory overtime on their nursing professionals potentially leaving patients at greater risk. In the interest of public safety, similar restrictions currently exist in areas such as mining, truck driving, and for flight crews.

I am allowing this bill to become law without my signature for the reasons cited above, and because I want to signal that carve-outs or exceptions to the collective bargaining process receive close scrutiny. In my view, most issues should be left to parties to freely negotiate. The Legislature should continue to monitor the bill's implementation to assure it has the desired outcomes in improving health care quality for Alaskans, and to revisit the matter if unintended consequences arise or the desired outcome does not materialize.

Sincerely,

/s/

Sean Parnell
Governor

SB 305

Message dated April 29 was received, stating:

Dear President Stevens:

Under the authority vested in me by Art. II, Sec. 15, of the Alaska Constitution, I have vetoed the following bill:

HOUSE CS FOR CS FOR SENATE BILL NO. 305(FIN)
"An Act providing that the tax rate applicable to the production of oil as the average production tax value of oil, gas produced in the Cook Inlet sedimentary basin, and gas produced outside of the Cook Inlet sedimentary basin and

used in the state increases above \$30 shall be 0.4 percent multiplied by the number that represents the difference between that average monthly production tax value and \$30, or the sum of 25 percent and the product of 0.1 percent multiplied by the number that represents the difference between that average monthly production tax value and \$92.50, except that the total rate determined in the calculation may not exceed 50 percent; providing for an increase in the rate of tax on the production of gas as the average production tax value on a BTU equivalent barrel basis of gas produced outside of the Cook Inlet sedimentary basin and not used in the state increases above \$30; relating to payments of the oil and gas production tax; relating to the lease expenditures that may be deducted when determining production tax value; relating to availability of a portion of the money received from the tax on oil and gas production for appropriation to the community revenue sharing fund; relating to the allocation of lease expenditures and adjustments to lease expenditures; and providing for an effective date."

HCS CSSB 305(FIN) would impose a new, complex and costly tax regime on certain categories of Alaska oil and gas production. The legislation would decouple oil and gas production taxes and provide one tax calculation for oil, Cook Inlet gas, and gas used in-state and another, separate tax calculation for non-Cook Inlet gas that is exported out of state.

The legislation imposes a significant overall tax increase on these operations which diminishes Alaska investment and job prospects during these globally challenged economic times.

Second, the legislation creates more uncertainty and destabilizes Alaska's fiscal environment right at a time when companies are holding multiple open seasons for a large diameter Alaska natural gas pipeline. Changing the tax regime at this time, and potentially doing it all over again after an open season, creates even more uncertainty around company investment decisions. Future Alaska jobs depend upon having more fiscal stability in Alaska's environment, not less.

Third, the Department of Law has advised me that this bill is not needed at this time to protect the State's interests in obtaining a fair return for its oil and gas assets because the Legislature retains broad discretion to change tax laws. And, to the extent that the Alaska Gasline Inducement Act (AGIA) locks in the production tax obligation at the start of the open season, it locks in the tax only as to gas for which firm transportation capacity is acquired during the first binding open season. The AGIA tax inducement does not lock in the production tax obligation for oil.

For these reasons, I have vetoed the bill. I will continue working with the Legislature to do all the State can to stimulate responsible oil and gas exploration and development so Alaska's resources flow to Alaskans and markets beyond, and so our citizens have good paying jobs into the future.

Sincerely,
/s/
Sean Parnell
Governor

SB 13

Message date June 4 was received, stating:

Dear President Stevens:

Under the authority vested in me by Art. II, Sec. 15, of the Alaska Constitution, I have vetoed the following bill:

SENATE BILL NO. 13 "An Act relating to eligibility requirements for medical assistance for certain children and pregnant women; and providing for an effective date."

Senate Bill 13 would increase the income ceiling for covering children and pregnant women under Denali KidCare, from 175 percent to 200 percent of the federal poverty guideline for Alaska. In doing so, it would also expand eligibility and State government funding for abortions. As a matter of conscience and public policy, I am vetoing SB 13 so as not to expand publicly funded abortions in Alaska. I do not believe this expansion constitutes the proper role of government nor is it in the interests of our people and their inalienable rights.

Sincerely,
/s/
Sean Parnell
Governor
