Representative Tuck moved and asked unanimous consent that the following members be excused from a call of the House. There being no objection, the members were excused as noted:

This is the time of year, and these are days, that particularly call for compassion. Compassion is easy to find within us for those that we love, for small children, for dear pets. It is often a long stretch to find it and feel it for our opponents, be they political opponents or people who have hurt us or done others wrong, or perhaps just people that we don't like much.

It is this latter group that needs our human compassion the most. Like prayer that truly benefits the one who is praying, digging deep and truly feeling for that other person, that opponent, softens our very own heart and opens us to the world, providing more of what is best in us to the world.

I pray that we all find a way to pause at some moment of today to soften our hearts, just a little, for all those suffering in the world.

The Pledge of Allegiance was led by Representative Kawasaki.

CERTIFICATION OF THE JOURNAL

Representative Tuck moved and asked unanimous consent that the journal for the 46th, 47th, and 48th legislative days be approved as certified by the Chief Clerk. There being no objection, it was so ordered.

INTRODUCTION, FIRST READING, AND REFERENCE OF HOUSE BILLS

HB 401

HOUSE BILL NO. 401 by the House Rules Committee by request of the Governor, entitled:

"An Act relating to insurance; relating to credit for reinsurance; insurance standard valuation; and providing for an effective date."

was read the first time and referred to the Labor & Commerce Committee.

The following fiscal note(s) apply:

1. Zero, Dept. of Commerce, Community, & Economic Development

The Governor's transmittal letter dated March 1 follows:

"Dear Speaker Edgmon:

Under the authority of Article III, Section 18 of the Alaska Constitution, I am transmitting a bill to bring the insurance code into compliance with model laws adopted by the National Association of Insurance Commissioners (NAIC). These changes will assist the state in maintaining its accredited status with the NAIC and improve uniformity nationwide in the regulation of insurance.

This bill makes changes to the insurance code relating to credit for reinsurance (AS 21.12), and the standard valuation law (AS 21.18). The bill also adds provisions granting the director the authority to adopt regulations under this section, provides a process for the director to certify an insurer as a reinsurer, imposes obligations on a ceding insurer to report to the director when certain levels of reinsurance are exceeded, and allows an assuming insurer that permanently stops underwriting new business to, subject to regulatory approval, reduce the trusted surplus of a trust that secures its business.

The changes relating to credit for reinsurance are in Section 1 of the bill; that section repeals and reenacts AS 21.12.020 relating to credit for reinsurance to conform to the NAIC model law. The changes relating to standard valuation law are in Sections 2 - 11 of the bill. The changes conform to the NAIC Standard Valuation Model Law. These changes are intended to allow life insurers to use "principle-based reserves" instead of the formula-based reserves required under current standard valuation law.

By conforming to the changes to the NAIC model laws, our state's insurance laws will be consistent with national standards that all states are urged to adopt, and Alaska will maintain its accredited status.

I urge your prompt and favorable action on this measure.

Sincerely,

/s/

Bill Walker
Governor"

HB 402

HOUSE BILL NO. 402 by the House Rules Committee by request of the Governor, entitled:

"An Act authorizing the commissioner of corrections to establish a correctional industries program; establishing a correctional industries board; authorizing the Department of Corrections to receive money from the employment of prisoners; and providing for an effective date."

was read the first time and referred to the Labor & Commerce and Finance Committees.

The following fiscal note(s) apply:

1. Fiscal, Dept. of Corrections

The Governor's transmittal letter dated March 1 follows:

"Dear Speaker Edgmon:

Under the authority of Article III, Section 18, of the Alaska Constitution, I am transmitting a bill establishing the Correctional Industries Board and authorizing the Commissioner of Corrections to establish a correctional industries program within the department.

With over 90 percent of individuals incarcerated returning to our communities it is important that we enable them to develop the skills necessary to be successful when released. One way to do this is to provide them with real-world job experience.

This bill will create a four-person board comprised of the Commissioner of Corrections, Commissioner of Labor and Workforce Development and two members of a labor organization. The Commissioner will work through the Correctional Industries Board to approve proposed industry programs, employment contracts, and agreements which will allow inmates to produce products or services that can then be sold to public or private entities.

Through these contracts and agreements, inmates will gain real-world experience, be productive with their time, and learn new skills. The public also benefits by being able to purchase quality services and products that may not otherwise be available in the area. Additionally, this legislation has the potential to create new economic growth and expand development opportunities within existing industries.

This bill is another tool in reducing recidivism while providing industry with skilled workers.

I urge your prompt and favorable action on this measure.

Sincerely,

/s/

Bill Walker
Governor"
