

SENATE JOURNAL
ALASKA STATE LEGISLATURE
THIRTIETH LEGISLATURE

FIRST SESSION

Juneau, Alaska

Wednesday

January 18, 2017

Second Day

Pursuant to adjournment the Senate was called to order by President Kelly at 11:04 a.m.

The roll showed twenty members present.

The prayer was offered by the Chaplain, Pastor Kirk Elmore, Landmark Apostolic Church. Senator Hoffman moved and asked unanimous consent that the prayer be spread. Without objection, it was so ordered.

My Lord and Savior Jesus Christ, today I join in prayer for these men and women of the Alaska state legislature that have come together for the purpose of creating and facilitating laws and policies that will govern our great state for the new year and even generations to come. This service to our communities comes with immense responsibilities. I ask that your spirit would be here and ever be present as they make these decisions that will carry our state into the future. God, I also ask that you help them to be unified, conduct themselves with dignity, and remember the constituents whom they serve as they consider the business of the state. I want to convey my support for this body. God I commit myself, my family, and my church to be in prayer for them continually. I pray for the families of these men and women. I ask that you bless them, as we are thankful for their sacrifices and commitment. In the book of James your word says: that wisdom from above is

first pure, then peaceable, gentle, open to reason, full of mercy and good fruits, impartial and sincere. Lord I accept this truth and ask that you help us all to have a better understanding of its meaning for this type of wisdom is truly the only kind that will continue to make this a great place to call home. Lord I ask all of these things in your wonderful name, Jesus. Amen.

Senator Begich led the Senate in the Pledge of Allegiance.

Certification

Senator Micciche moved and asked unanimous consent that the journal for the first legislative day be approved as certified by the Secretary. Without objection, it was so ordered.

Governor's transmittal letter dated January 17:

Dear President Kelly:

Under the authority of Article III, Section 18, of the Alaska Constitution, I am transmitting a bill relating to the State's operating budget for Fiscal Year (FY) 2018.

The FY 2018 budget shares many commonalities with the plan I submitted last year. The budget continues to reduce State spending for operating agencies through program reductions, efficiency measures such as the new Shared Services Division, provisions to increase unrestricted general fund revenue through sustainable use of the Permanent Fund Earnings Reserve, and tax increases.

This year's agency operating budget is \$3.75 billion in unrestricted general funds. This represents an unrestricted general fund reduction of \$123.0 million from FY 2017 and \$747.7 million from FY 2015. While continuing to reduce total spending, the budget maintains key services such as education and support to local communities. It maximizes federal funding opportunities to support Alaskans and the Alaskan economy. The budget reduces the draw on the Constitutional Budget Reserve by \$2 billion, from the estimated \$2.9 billion to \$892 million.

My administration included language in the FY 2018 budget and is introducing separate legislation for the Permanent Fund Protection Act and motor fuels tax, and stands ready to assist the Legislature in developing other broad based tax legislation in order to cover the cost of necessary government services.

My administration looks forward to working with the Legislature on the FY 2018 budget and related revenue measures to provide a long term balanced budget.

Sincerely,

/s/

SB 23

SENATE BILL NO. 23 BY THE SENATE RULES COMMITTEE
BY REQUEST OF THE GOVERNOR, entitled:

"An Act making appropriations, including capital appropriations, supplemental appropriations, reappropriations, and other appropriations; making appropriations to capitalize funds; and providing for an effective date."

was read the first time and referred to the Finance Committee.

Governor's transmittal letter dated January 17:

Dear President Kelly:

Under the authority of Article III, Section 18, of the Alaska Constitution, I am transmitting a bill relating to the State's capital budget for Fiscal Year (FY) 2018.

The proposed capital bill totals \$1.4 billion, of which \$1.2 billion will be supported by federal funds, and \$106.1 million with unrestricted general funds. The budget meets minimum capital funding needs including housing support and matching funds for transportation, water, and sewer.

The largest component of the capital budget is the State's transportation program, totaling \$1.2 billion, including \$22 million of savings from the vessel replacement fund to match \$222.0 million in federal receipts to replace the Alaska Marine Highway System's oldest vessel, the *M/V Tustumena*. Outside of the transportation program, this budget includes only minimal matching funds for energy, sewer, and water projects, limited deferred maintenance, mostly through re-appropriations, and limited named recipient's grants, including the Alaska Travel Industry Association for tourism marketing. Without a full fiscal plan, the capital budget will remain unsustainably low, running the risk of allowing our public assets such as schools, ports, and roads to deteriorate.

My administration looks forward to working with the Legislature to finalize a capital budget and is interested in collectively looking at a disciplined approach to using General Obligation Bonds for existing capital requirements.

Thank you for your consideration of this bill.

Sincerely,

/s/

SB 24

SENATE BILL NO. 24 BY THE SENATE RULES COMMITTEE
BY REQUEST OF THE GOVERNOR, entitled:

"An Act making appropriations for the operating and capital expenses of the state's integrated comprehensive mental health program; and providing for an effective date."

was read the first time and referred to the Finance Committee.

In accordance with AS 37.14.003(b) a report of the differences between the Governor's proposed budget and the recommendations of the Alaska Mental Health Trust Authority was transmitted.

Governor's transmittal letter dated January 17:

Dear President Kelly:

Under the authority of Article III, Section 18, of the Alaska Constitution, I am transmitting a bill relating to the State's comprehensive mental health program for Fiscal Year (FY) 2018. As required by statute, it includes both operating and capital appropriations. Also as required, the enclosed report outlines the differences between the recommendations of the Alaska Mental Health Trust Authority (Trust) and my proposed budget.

The total FY 2018 mental health budget of \$229.4 million represents a \$9.1 million reduction from FY 2017. The FY 2018 budget includes \$16.7 million of the Trust's \$16.9 million operating budget recommendations and \$12.1 million of the Trust's \$15.2 million capital budget recommendations. These amounts are in addition to \$200.6 million of annual base funding. The mental health operating budget reflects reductions to grant programs, reform to the Medicaid program, increases to criminal justice recidivism reduction programs, and salary and health benefit adjustments. Reports comparing Trust recommendations to those included in the FY 2018 Governor's operating and capital mental health budgets are available at https://www.omb.alaska.gov/ombfiles/18_budget/PDFs/Mental_Health_Budget_Reports_01-10-17.pdf.

The State's fiscal situation requires that all areas of government maximize efficiencies. The Trust's encouragement and support of Medicaid and criminal justice reform have had a positive impact on the State. Moving forward, a comprehensive fiscal plan to address State revenue will help ensure the sustainability of programs to support Alaska's mental health beneficiaries. We look forward to working with the Legislature on the FY 2018 budget bills and revenue solutions.

Thank you for your consideration of this bill.

Sincerely,

/s/

SB 25

SENATE BILL NO. 25 BY THE SENATE RULES COMMITTEE
BY REQUEST OF THE GOVERNOR, entitled:

"An Act relating to the motor fuel tax; relating to the disposition of revenue from the motor fuel tax; relating to a transportation maintenance fund; and providing for an effective date."

was read the first time and referred to the Transportation and Finance Committees.

The following fiscal information was published today:
Fiscal Note No. 1, Department of Revenue
Fiscal Note No. 2, zero, Department of Transportation and Public
Facilities

Governor's transmittal letter dated January 17:

Dear President Kelly:

Under the authority of Article III, Section 18 of the Alaska Constitution, I am transmitting a bill relating to the taxation of motor fuels.

The bill would raise the tax rates on the categories of motor fuel currently taxed under AS 43.40.010 (motor fuel tax) by increasing the currently outdated tax rates on motor fuels, including all motor fuel sold or transferred within the state, aviation gasoline, aviation fuel other than gasoline and motor fuel used in and on watercraft. The tax increase would be phased in, with a first increase effective July 1, 2017, and the second increase effective July 1, 2018. The two-part implementation approach in the bill will assist in easing the transition to a more practical tax base.

While the proposed tax increase may appear to represent a significant increase, the tax rates on motor fuel sold or transferred within the state have not been raised in many years; for example, the tax on highway fuel has remained at eight cents a gallon since 1970. This bill would bring Alaska's tax rate on highway fuel very close to the current national average of 25 cents a gallon.

Further, this bill would establish as AS 43.40.040 the transportation maintenance fund in the general fund. Included in this fund would be the existing special highway fuel tax account (AS 43.40.010(g)), the special nonpublic highway use account (AS 43.40.010(j)), and the special watercraft fuel tax account (AS 43.40.010(f)) for revenue generated by the tax. This approach clarifies how motor fuels taxes are accounted for in order to allow the Legislature to appropriate funds for the purposes set out in each account in the transportation maintenance fund, including the direct capital, operating, or maintenance costs of water and harbor, and highway infrastructure.

Thank you for your consideration of this measure.

Sincerely,

/s/

SB 26

SENATE BILL NO. 26 BY THE SENATE RULES COMMITTEE
BY REQUEST OF THE GOVERNOR, entitled:

"An Act relating to the Alaska Permanent Fund Corporation, the earnings of the Alaska permanent fund, and the earnings reserve account; relating to the mental health trust fund; relating to deposits into the dividend fund; relating to the calculation of permanent fund dividends; relating to unrestricted state revenue available for appropriation; and providing for an effective date."

was read the first time and referred to the State Affairs and Finance Committees.

Fiscal Note No. 3, Department of Revenue

Fiscal Note No. 5, zero, Department of Administration

Fiscal Note No. 6, Department of Revenue

Governor's transmittal letter dated January 17:

Dear President Kelly:

Under the authority of Article III, Section 18, of the Alaska Constitution, I am transmitting a bill relating to the Alaska permanent fund and the funding structure for State government.

This bill would establish a new financial model to enable sustainable funding of State services and the protection of the Permanent Fund. The bill would provide for an annual sustainable draw, subject to appropriation, from the Permanent Fund earnings reserve account to the general fund to support State government services. Additionally, the bill would provide that the Legislature may make appropriations for Permanent Fund dividends based on the value of the entire Permanent Fund and the value of mineral royalties. As a result of the changes in this bill, the Permanent Fund earnings reserve account would generate a predictable and solid return of revenues for State government, and the dividend would continue, but on a more sustainable and predictable basis.

In detail, the bill would make the following changes to allow for sustainable withdrawals from the Permanent Fund to the general fund:

- Amend AS 37.13.145 to provide for an annual appropriation from the earnings reserve account to the general fund to pay for State government services, calculated based on five and one-quarter percent of the average market value of the Permanent Fund for the first five of the preceding six fiscal years (hereafter, "POMV draw").
- Add a new section, AS 37.13.146, to provide that the Legislature may appropriate for the payment of dividends from the general fund based on an amount equal to 20 percent of the POMV draw and 20 percent of the mineral royalties received by the State. For the next two years, the dividend would be set at \$1,000. Thereafter, the new formula would go into effect, resulting in a dividend of approximately \$1,000 into the future.

- Change the inflation-proofing mechanism by providing that the Legislature may appropriate any amount in the earnings reserve that exceeds the annual POMV draw multiplied by four to Permanent Fund principal. This will ensure that a sufficient amount of funds remains in the earnings reserve account for the POMV draw, while also continuing to build up the principal of the Permanent Fund over time.
- Add a new section reducing the annual draw from the earnings reserve account to the general fund if the State receives more than \$1.2 billion in mineral royalties and oil and gas production taxes in a fiscal year.

Finally, the bill seeks to amend the uncodified law to express the intent of the Legislature that the Legislature reevaluate the use of Permanent Fund earnings as provided for in this bill in three years. Upon becoming law, the bill would become effective immediately.

I urge your prompt and favorable action on this measure.

Sincerely,

/s/

Bill Walker
